

Dear families and friends,

This month we welcomed Deborah from G-Fitness who led a gentle exercise class which included movements and ball games.

We have been making regular trips to our local park when it is a nice day. It's been wonderful getting some fresh air, being out in the sun and seeing nature. And we have also spent time sitting in the garden when the weather has been good.

One to ones regularly continue where we play ball games, look through magazines, take strolls, go for walks, talk, listen to music, look through photographs, do math quizzes, flower arranging, trips out, and planning holidays.

We have also been to church again this month to their Sunday service followed by refreshments in the hall with the congregation and one of our residents talking to the vicar. We have also been on trips to Westbury-on-Trym for some shopping and to the local pizza restaurant, where we sat outside in the nice weather and one of the residents enjoyed a pizza and fizzy drink.

Shannon the singer came in this month for a morning performance, as always, we were treated to her wonderful voice, she engaged with our residents and visitors and we danced to the songs!

Each month we will include a contribution from a resident in our newsletter so now over to Peter...

I like reading, writing and arithmetic. My favorite book is Robinson Crusoe and I like to write funny books.

One afternoon lots of residents enjoyed their lunch in the garden. A long table was prepared and decorated with tablecloths and flowers, we played music in the garden and had a wonderful time eating altogether in the good weather!

This month we celebrated Jack's and Raymond's birthdays!

This month we welcomed residents Brian, David and Goggy June! We also welcomed Charlotte our new carer to the Glenview family

In June Abi the activity coordinator will be leaving us and she has a few words to say: “It has been an absolute pleasure and joy working at Glenview over the last 3 and a half years and a true honour to spend time with the residents and engage them in activities. I have felt truly blessed in this job and wanted to thank everyone for the kindness they have shown me.”
