Hello to all our family and friends!

Check out the 'pictures' of our art and craft, including a collection of paper bears and bird artwork. we had a lot of fun with this.

Autumn is in the air at Glenview. We created lovely bookmarks with the autumn leaves, one of our residents mentioned, "Autumn leaves shower like gold, like rainbows as the winds of change begin to blow".

Afternoon tea is gracious: There is something very gracious about attending an afternoon Tea party especially when the tables are decorated beautifully.

“Haircare provides a wonderful sensory experience that can bring back their old memories, while improving resident’s self-image and self – worth.”

Chris Auburn entertained us with live music and amazing selections of songs from different eras.

We have also stimulated our residents' minds and enhanced concentration by playing board games, connect four games, ludo, brain tease, bingo, magnetic darts games and quizzes.

Our 'fun and food' activities are always popular with cake decorating, baking and making muffins. Residents take great pride in being able to be involved in the preparation and creation of their food.

We have had some amazing sunshine in the mid of September, so we thought we would make some delicious fruit salad during our cooking club to keep us all cool and hydrated in the heat. Peter said, "how refreshing this sweet treat was, and a nice change--delicious!"

We ventured out to west bury park, where we held a lovely picnic for our residents. Our staff did a wonderful job of keeping everyone entertained during the outings. It was lovely to relax and socialise in the park together. Great to get a spot of exercise and fresh air too!

Newsletter September 2024

**We celebrated Ian's birthday in September.
Happy birthday Ian.**
